*Depth does not include 1⁵/₈" (42 mm) for door handles.

Standard Features

- Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydrocarbon refrigerant that has zero (0) ozone depletion potential (ODP), and three (3) global warming potential (GWP).
- Energy Efficient, factory balanced, refrigeration system holds 33°F to 38°F (.5°C to 3.3°C)
- Exterior- non-peel or chip black powder coated cold rolled steel; durable and permanent.
- Interior- attractive, NSF approved, white aluminum interior liner with stainless steel floor.
- Self closing door. Positive seal, torsion type closure system.
- "Low-E", double pane thermal insulated glass door assembly with extruded aluminum frame. The latest in energy efficient technology.
- LED interior lighting provides more even lighting throughout the cabinet. Safety shielded.
- Entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).

Options

- 4" castor, 2½" castor, price strips.

TrueGO Features

- TrueGo is the future of self-contained unattended retail. Sell any products anywhere anytime. No cashiers. No lines. Unlimited sales. Simply Swipe, take what you want, and close the door.
- The TrueGO allows the consumer the experience of touching and reading product information before the purchase.
- The TrueGO comes ready to use and easily connects via WIFI, Ethernet, or Cellular to get you up and running fast.
- Standard with 5 shelves with 4 weighted scales per shelf. Allows for up to 20 different SKU's per unit.
- Each scale can hold up to 35lbs. allowing for very few product restrictions.
- Integrated Health Lock will automatically lock the unit if the internal temperature stays above 41° for 30 minutes.

Software

- Simple to use ShelfX software allows for purchase tracking, inventory manage-

ment, and the ability to track changes. Sales summary reports make it easy to manage your new unattended retail business.

- Product flexibility and pricing are easily adjustable and can accompany any request such as combo deals or special privileges for employees encouraging multi-product transactions.
- The TrueGo set up process is easily customizable and can be done from anywhere including your laptop, iPad, and iPhone or Android device.

Payment Systems

- TrueGO can accept many payment solutions including all credit and debit cards, Apple Pay, Employee cards/IDs and XCards (by ShelfX).
- Payment systems are sold separately.

True Warranty

- True offers a 3 year parts and labor warranty along with an additional 2 year warranty on the compressor.

ShelfX Warranty

- ShelfX parts are covered by a 90 day warranty. This includes part such as scales, sensors, boards, and connections.
- Supports card readers from USA Technologies and NAYAX.
