

TrueFlex® | Gravity Feed Organizers

True
REFRIGERATION

THREE SIZES ACCOMMODATE OVER 20 TRUE MODELS

TrueFlex®

Showcase and organize numerous size beverage products at the front of each shelf with the TrueFlex® gravity feed bottle organizer.

The clear, transparent design of the TrueFlex with its enhanced silicon "slip" surface, snaps onto a standard True wire shelf with ease. Angle the shelf slightly and watch the beverage products slide to the front of the shelf, creating an efficient grab n' go customer experience.

- Enhanced silicon "slip" agent improves gravity feed performance.
- Easy to install. TrueFlex® glides snap on to standard wire shelves, making it possible to retrofit older coolers equipped with flat shelves.
- Optimum air flow ensures rapid pull down to serving temperature.
- Back bar prevents bottles from leaning against back wall of cooler.
- Single glides offer flexibility to display multiple packages on the same shelf.
- Double front bars and high side walls prevent bottles from tipping.
- Includes Shelf Retainer Clips that keep shelves from sliding into door. Eliminates zip ties and service calls.

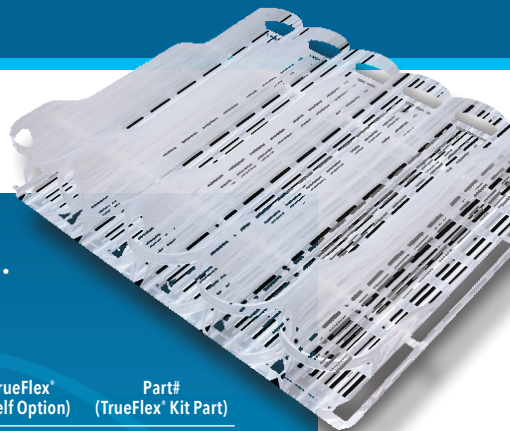

GDM-49-HC~TSL01 Unit shown with optional additional shelves.

TrueFlex® | Gravity Feed Organizers

THREE SIZES ACCOMMODATE OVER 20 TRUE MODELS

TrueFlex® fits GEM versions of these listed models.
