

TrueFlex® | Gravity Feed Organizers

three sizes accommodate over 20 True models

TrueFlex®

Back bar prevents bottles from leaning against back wall of cooler.

Single glides offer flexibility to display multiple packages on the same shelf.

Optimum air flow ensures rapid pull down to serving temperature.

Double front bars and high side walls prevent bottles from tipping.

Enhanced silicon "slip" agent improves gravity feed performance.

Easy to install. TrueFlex® glides snap on to standard wire shelves, thus making it possible to retrofit older coolers equipped with flat shelves.

Includes Shelf Retainer Clips that keep shelves from sliding into door. Eliminates zip ties and service calls.

TrueFlex® | Gravity Feed Organizers

three sizes accommodate over 20 True models

Trueflex TrueFlex® fits GEM versions of these listed models.
